Field technicians are company employees with medical benefits and a 401K program. Quality candidates are selected from local areas. To become employed with Heath, candidates will be screened using reference checks, driving history records, criminal records and a pre-drug test. (Drug tests are also performed randomly, post accident, and for probable cause). There are safety programs, which are a priority at Heath. Incentive programs are based on performance and accuracy.

Heath field employees can easily be identified with a collared, logo company shirt and logo cap. Employees are required to carry a photo identification card. They are also equipped with a late model white truck that has the company logo prominently displayed. Additionally, the truck will have signs that read "How's my Driving?" with our 1-800- number and a truck number for easy identification.

## Other Heath Field Services:

- Walking/Mobile Gas Leak Survey
- One-Call Locating
- Vacuum Excavation
- Water Leak/Pinpointing
