Re: Job Opportunity

Name of Position: Outside Training Technician

Location: Houston, TX Corporate Office

Heath Consultants Incorporated is looking for someone to be responsible for actively driving and managing Heath's external and internal training.

Types of Work to be performed in this Position: Will be responsible in assisting Sales and Marketing in the training of customers in the operations and procedures for products and services Heath provides.

Skills and/or Experience Required: Minimum 2 years experience in leakage detection and/or locating utility operations. Excellent record keeping and organizational skills. Must be familiar with Heath's policies, concepts, practices and procedures. Must be willing to do extensive travel. Excellent computer skills and technical writing skills. **Must be willing to relocate to Houston, TX.**

Salary: Commensurate with experience

If you are interested in learning more about this opportunity, please first advise your current supervisor, then contact the individual whose name appears below with a letter of intent.
